

Vyne is taking corporate-wide steps to drive industry and global sustainability, reducing paper and the consumption of other natural resources. In the past year, Vyne has helped prevent more than 172 million pieces of paper from entering the waste stream by empowering our hospital, health system, dental practice, and insurer clients to leverage paperless technologies.

11,000  
TREES  
SAVED

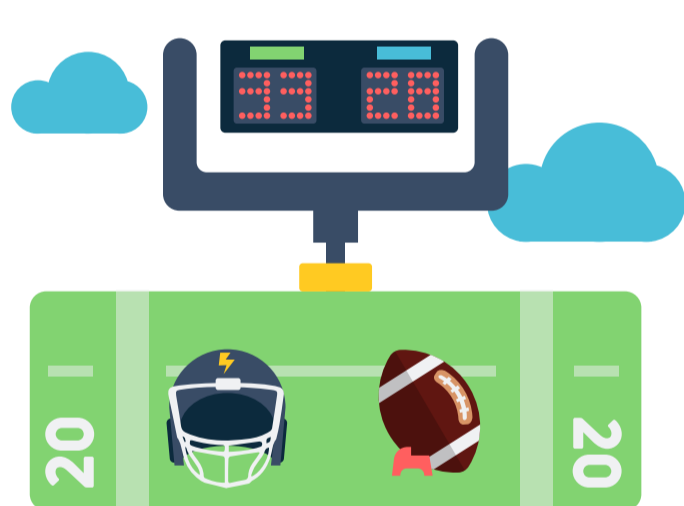

**That's equal to nearly half of the trees in Central Park.**

**75%** of the city of Atlanta

1,720  
football fields

If you stacked 172 million pieces of paper on top of each other, the pile would stand more than 56,000 feet high.

Nearly twice the height  
of Mount Everest

The height of the world's tallest building, the Burj Khalifa,

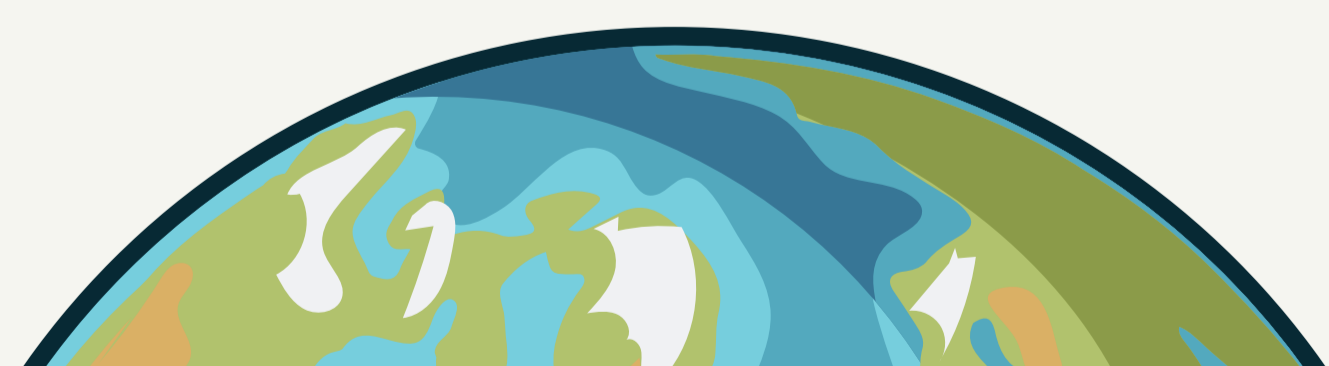

Statues of Liberty  
stacked one on top of

Eiffel Towers stacked  
one on top of the other

**At 56,000 feet, you would be in the ozone layer and be able to see the curvature of the earth**

Contact Vyne to find out how we're creating  
a greener tomorrow - one page at a time.
